Bhilai, Chhattisgarh

## SUMMARY

I am a results-oriented Frontend Developer with a passion for UI/UX design and IoT integration. I excel in building modern, responsive web applications using React.js, Tailwind CSS, and Figma. As a co-founder of an award-finalist IoT startup, TechOwear, I have led product development from ideation to a fully functional prototype. I am eager to apply my technical and creative skills to develop impactful solutions in a challenging role

## EXPERIENCE

### Frontend Developer & IoT Integrator

#### Techowear

📅 01/2023 - 01/1970    📍 Bhilai, Chhattisgarh

An IoT startup focused on innovative product development

- Engineered an IoT-based Safety T-shirt with IoT, Database for real-time location tracking and emergency alerts
- Developed the user-facing dashboard using React.js and Tailwind CSS
- Designed high-fidelity prototypes, user flows, and branding assets in Figma

## EDUCATION

### Bachelor of Technology (B.Tech)

#### Rungta College of Engineering and Technology

📅 08/2024 - 05/2028    📍 Bhilai, Chhattisgarh

## KEY ACHIEVEMENTS

#### Startup Competition Finalist

Recognized as a finalist at CHESS'25, a premier startup event hosted at Rungta College
